Bryant Service Club  
Bryant College  
Providence, R.I.

Dear Sir:

Your package arrived and it was received with open mouths. Don't get the idea that we are starving because in the Army food disappears quite rapidly and a lot of it. Thank you very much.

It certainly is good to hear of the wonderful work accomplished by the Service Club. Any news from the College is welcome and if it is possible more frequent news would be appreciated.

Sincerely yours,  
Walter Danylovich.
